2011

Argaka is an unspoiled Cypriot village situated between the sea and the mountain slopes. Toscana's Hills site is located in a prime location due to its closeness to the sea (10 min. walk) and its elevation, ensuring an unobstructed sea and mountains views, the magnificent Chrysochous bay and the impressive green mountains of the Paphos forest.

The modern looking apartment is very spacious, with a fully fitted kitchen and is selling fully furnished. The apartment also has a private garden area that is surrounded by wooden fencing, patio table, chairs and a 6 person heated jacuzzi. The complex enjoys a large communal infinity pool with sun terraces, underground and street parking.
